

DIY Swedish Hearts

- Cut out template along solid lines.
- Use template as a guide for cutting your gift wrap. You'll need two of the round shape and one strip.
- Use the template to help you fold the gift wrap along dotted line and then cut along the smaller lines inside.
- Weave your two folded pieces together as shown in the images below.

- Tape strip to inside of heart like a handle, where the heart makes a "V" shape.
- Tuck small gifts or treats inside, and enjoy! 😊
